MISS CLAUDE ALBRIGHT.

The Albuquerque Young Lady Who is Winning Laurels in Europe.

The Denver News of August 20, publishes a splendid half-tone cut of Miss Claude Albright, who has just returned from Paris, France, together with the following article:

Albuquerque, N. M., Aug. 19.—Albuquerque citizens are delighted to have at home again Miss Claude Albright, who for the past year has been winning high fame as a contralto singer in the leading roles in the famous Opera Comique, in Paris. Miss Albright has the distinction of being one of five Americans ever engaged by the world-famed house. Her success has been marked. Splendid natural ability has been supplemented by years of training under the best European masters. Her French diction is said to be perfect. The leading musical journals of Europe have had nothing but words of praise for the young singer.

Miss Albright has made an especial hit in Paris in the role of Carmen. She has been received with acclaim in leading roles in Orpheus, Hansel and Gretel, and Louise. But perhaps among the thirty-odd grand operas in her repertoire, she adorns no part better than that of Delilah, in "Samson and Delilah."

Although Miss Albright's contract with the Opera Comique has another year to run, she may decide to cancel the engagement and accept one of several very flattering offers in her own country. Henry Savage, of New York, is anxious to engage the gifted contralto, and from the City of Mexico comes another advantageous proposition.

Miss Albright went to London during the original coronation week, and received a grand reception at the concert given in Queen's hall, under the patronage of the Princess of Wales. Her Albuquerque friends hope to have an opportunity of hearing the beautiful voice before the young lady completes her visit to her parents here.
